MEMORANDUM FOR THE RECORD

SUBJECT : Meeting With [redacted] 25X1A

REFERENCE : Memo for C/ISD fr DD/P dtd 6 Jul 72, subj:  
Overseas Posture of the Clandestine Service  
Over the Next Ten Years

25X1A

1. On 25 July [redacted] came to see me on the subject matter of the referenced memorandum. [redacted] indicated that this paper had been prepared by the DD/P and that it was intended that it be implemented with as much imagination and new thinking as possible.

25X1A

[redacted] as we already knew, had already been in touch with D/CO. He believes that the present and prospective technical capabilities of O/C provide much hope for accomplishing the type of thing which the DD/P apparently has in mind. [redacted] suggested one example which he hoped would be a successful forerunner and salesman - reports from stations in Africa communicated that there are no Reports Officers assigned to AF field stations and that he hopes through a combination of the electrical transmission system and ISD capabilities here formatted reports can be machine produced without requiring separate and time/personnel consuming typing. (At this point I told him that any expanded load on the O/C system to accomplish this or other ideas would be firmly resisted by us since O/C has been required to reduce its personnel so drastically without any reduction in workload.)

25X1A

25X1A

[redacted] indicated his belief that contact with other Support elements would not be required at this time although he anticipates some need to get with them in the future. I suggested that it might be a good idea
